We are selling a renovated Istrian terraced house!

The house is the last in the row, providing complete privacy and tranquility. It consists of two houses that have been combined into one but can also function separately, totaling six bedrooms, two living rooms, two kitchens, and five bathrooms. In front of the house, there is a landscaped yard with a pool and a barbecue, while behind the house, there is parking for multiple vehicles.

Included with the house is a building plot of 700 m² where an additional detached structure can be built.

The house is currently successful in tourist rentals.
