New Project – Pula!

A new residential project in a quiet part of Pula. The building has three floors and a total of three apartments – one on each floor.

Apartment is located on the ground floor and consists of a hallway, bathroom, bedroom, and a kitchen with a dining area and living room that has access to a terrace.

Equipment and standards:

- Air conditioning units in the living room and all bedrooms
- Electric underfloor heating in the living room, dining area, kitchen, hallway, and bathroom
- Bedrooms finished with laminate flooring, the rest of the apartment with ceramic tiles
- Anthracite-colored PVC joinery with built-in insect screens

The planned completion of the works is scheduled for the end of 2026.

This project offers the ideal combination of modern living, energy efficiency, and a peaceful location, just a few minutes' drive from the center of Pula and the sea.
